## The 8th International Congress of the World Federation of National Mathematics Competitions (WFNMC)

Graz, 18 – 24 July 2018

## **Timetable**

Thursday, 19 July 2018		
Time	Author	Title
9:00 am	Alexander Soifer,	Opening ceremony
	President of WFNMC	
10:00 am	Clemens Heuberger,	Plenary talk: From the Lifting-the-Exponent-Lemma
	Austria	to Elliptic curves with isomorphic groups
		of points – how Olympiad Mathematics influences
		Mathematical Research
11:00 am		Coffee Break
11:15 pm	Robert Geretschlaeger,	Opening the section "Work with Students and
	Austria	Teachers", plenary talk
12:15 pm	Jaroslav Švrcek,	Different Solutions to an Olympiad Problem
_	Czech Republic	
12:45 pm		Lunch
2:30 pm	Iliana Tsvetkova,	Introduction to the Fun and Creativity of Mathematics
	Svetlana Goranova,	from a Kindergarten Age
	Bulgaria	
3:00 pm	Svetlana Goranova,	Shall we Dance Math? (Movement as a Tool for
	Bulgaria	Empowering Mathematical Understanding and
		Abilities)
3:30 pm	Coffee Break	
4:00 pm	Petra Carina Tebaartz,	Proving in Mathematical Olympiads – Requirements
	Germany	for Participants and Insight into their Existing
		Competencies
4:30 pm	Mark Saul,	Julia Robinson Mathematics Festival
	USA	
5:00 pm		Adjourn

Friday, 20 July 2018		
Time	Author	Title
9:00 am	Maria de Losada,	Opening the section "Competitions around the World",
	Colombia	plenary talk
10:00 am	Dmitrij Nikolenkov,	Mathematical Challenge in Switzerland
	Switzerland	
10:30 am	Mike Clapper,	The Australian Scene – catering for difference
	Australia	
11:00 am		Coffee Break
11:15 am	David Crawford,	Team Maths Competitions in the United Kingdom
	United Kingdom	

11:45 am	Erich Fuchs,	Náboj – a somehow different competition
	Bettina Kreuzer,	
	Germany;	
	Alexander Slávik,	
	Martina Vaváčková,	
	Czech Republic	
12:15 pm	S. Shokrani,	Mathematics A-lympiad in Iran
	F. Ahmadpour,	
	and S. T. Dastjerdi,	
	Iran	
12:45 pm		Lunch
2:30 pm	Maria Losada,	Ten years of the Iberoamerican Mathematics
	Colombia	Competition for University Students
3:00 pm	Stoyan Kapralov,	The Compmath Competition: Solving Math Problems
	Stefka Bouyuklieva,	with Computer Algebra Systems
	Penka Ivanova,	
	Bulgaria	
3:30 pm	Coffee Break	
4:00 pm	Yahya Tabesh,	Computational Thinking Contest
	Shaya Zarkesh,	
	Iran	
4:30 pm	Hidetoshi Fukagawa,	SANGAKU traditional Japanese Mathematics
	Japan	
***	Natália Furtado,	Mathematical Olympiads in Cape Verde. Genesis,
	Cape Verde	history and comments
5:00 pm		Adjourn

Saturday, 21 July 2018	
Excursion day	

Sunday, 22 July 2018		
Time	Author	Title
9:00 am	Alexander Soifer,	Opening the section "Building Bridges between
	USA	Problems of Mathematical Research and
		Competitions", plenary talk
10:00 am	Peter Taylor,	Examples of Mathematics and Competitions
	Australia	influencing each other
10:30 am	Maria Falk de Losada,	The influence of mathematics competitions on the
	Colombia;	evolution of mathematics communities in Latin
	Rafael Sanchez,	American countries
	Venezuela;	
	Patricia Fauring,	
	Argentine	
11:00 am		Coffee Break
11:15 am	Sergei Dorichenko,	Mathematics and the Conference of the International
	Russia	Tournament of Towns
11:45 am	Krzysztof Ciesielski,	This depends on the point of view
	Poland	

12:15 pm	Moderator: Alexander Soifer,	The Problem Hour – Part I
	USA	
12:45 pm	Lunch	
2:30 pm	Moderator:	The Problem Hour – Part II
	Alexander Soifer,	
	USA	
3:30 pm	Coffee Break	
3:45 pm	Kiril Bankov,	Hunting of lions: inversion may help
	Bulgaria	
4:15 pm	Moderator:	Workshop: Challenges in organizing math
	Borislav Lazarov,	competition in multiple-choice format
	Bulgaria	
5:15 pm		Adjourn

Monday, 23 July 2018		
Time	Author	Title
9:00 am	Kiril Bankov,	Opening the section "Creating Problems and Problem
	Bulgaria	Solving", plenary talk
9:45 am	Alexander Soifer,	The Flavor of the Colorado Mathematical Olympiad
	USA	
10:15 am	Marcin Kuczma,	A functional equation arising from compatibility of
	Poland	power means
10:30 am	Krzysztof Ciesielski,	On some standard-like problems and nonstandard
	Poland	solutions
11:00 am		Coffee Break
11:15 am	Robert Geretschläger,	Balls and Polyhedra
	Austria	
11:45 am	Christian Dorner,	Fun with flags
	Austria	
12:15 pm	Edmundas Mazėtis,	The inherent relativity of problem posing and solving -
	Romualdas Kašuba,	or how to make a math problem seem remarkably easy
	Lithuania	and accessible on the outside, while hiding difficulty
		and challenges on the inside at the same time
***	Francisco Bellot	Some problems from the Mediterranean Mathematics
	Rosado,	Competition during their first 20 years of life
	Spain	
12:45 pm	Lunch	
2:30 pm	General Meeting of WFNMC (Report of the President, Discussion)	
3:30 pm	Coffee Break	
4:00 pm	General Meeting of WFNMC (Elections and other issues)	
5:00 pm	Adjourn	

<sup>\*\*\*</sup> This talk will not be presented.
